"A Practical Guide to Understanding the Wines of Burgundy"

By Mark E. Ricardo, JD, LLM, AAMS*

Synopsis

Understanding the wines of Burgundy can be a daunting challenge. This book provides readers with a concise, easy to understand annotated outline of Burgundy's classification system, principal wine growing regions, major grape varietals and best producers. Unlike most books on Burgundy, this book is not a comprehensive treatise. Rather, it focuses only on the most important elements of this diverse region. By eliminating some of the lesser details, this book enables readers to quickly and easily gain a solid understanding of the important aspects of this dynamic wine region.

Containing maps and easy to understand examples on how to read Burgundy wine labels, Simply Burgundy provides readers with everything they need to know to select and enjoy the wines of Burgundy.
