Customer Reviews

Just a warning to anyone buying books on kitchen collectibles--this field guide is made up of the exact same pictures and information as the book *Spiffy Kitchen Collectibles*, also by Brian S. Alexander. I didn't realize they would have exactly the same content and ordered them both, much to my chagrin. Thank goodness for returns! *Spiffy Kitchen Collectibles* is easier to look at due to its larger format but if you want a smaller version to read on the go while thrifting or yard saling, the Warmans Field Guide will do.

Nice book but it is just too small. It would be much better if it was larger in size. But all in all it is ok

This guide covers items such as 1960's tin decorator kits and other garage-sale items. They are overpriced as well. Don't waste your money.

Love this little book, so cute and interesting, I keep it standing in my kitchen and everyone that comes in picks it up to read.

i love it
