## **Customer Reviews**

Great Cookies is a small well-rounded cookie book filled with a limited amount of cookie recipes. The cookbook starts off with basic cookie information such as how to select the right cookie sheet, baking basics, and cookie storage. Some of the recipes you will find include: Mary's Chocolate Chip Cookies, Lemon Stampers, Holiday Melting Moments, Lemon Bars, German Chocolate Bars, Recommend.

Great cookies from a name you can always trust. The snicker doodles are out of this world as are the lemon bars and German chocolate bars. But my favorite ones are the ultimate triple -chocolate

bars.

This small collection of cookie recipes has pictures! Not a picture of every recipe, but for most there is a photo. The pictures stepped up my rating to five stars, plus there are some all time favorite cookie recipes included.

If you like cookies, then this book will be fun. The recipes in here are simple to make. If you're looking for something more exotic, perhaps not. Kids will enjoy making recipes from here as well. Enjoy!

I used to make cookies just for Holidays or special occasions, but now with this book my family is asking me to make them all of the time, and my wife ask me not to make them all of the time because she and I eat too many. But now I make them and take them right to my grandkids homes so they aren't tempting us so much. I still just love making them because this cook book has made them so easy to do.

Love Betty Crocker recipes, especially cookies. Wanted the ginger snap (molasses crinkles) Kindle for easy reading. Book was only 59¢ and came with many other favorites and some new ones to try. Well worth the purchase.

if you like using betty crocker all ready prepared products to make your recioes great. but I like to make things from scratch not from a betty crocker cake box etc.Very disappointed,

Love the cookie selection and they seem to be very easy!!! Great use of those cake mixes sitting on the pantry shelf
