Customer Reviews

If you are looking for extensive coverage of case knives, this is the book for you. I have the 6th edition. While razors are mentioned in the title, they are not mentioned in the table of contents. A more accurate title would be "Case Knives and a bunch of other cutlery junk I used to fill up space". No index, so research is a long process. As a research tool is is lacking useability. Lots of good information and lots of excellent pictures - it's just difficult to locate information easily.

A great guide to identifying all types of knives and razors. A must have for collectors. Pays for itself over and over.

JIM SERGEANT'S EXPERTISE IS UNEQUALLED IN THE AREA OF CASE,REM.ETC. A TRUE GENTLEMAN IN MY DEALINGS WITH HIM.

Good knife book, trying to get some young boys interested in collecting knives, seems as it is working, so far.

mostly knives
