Best Sellers Rank: #70,793 in Books (See Top 100 in Books) #95 in Books > Computers & Technology > Games & Strategy Guides > Strategy Guides #234 in Books > Humor & Entertainment > Puzzles & Games > Video & Computer Games

Customer Reviews

Writing guides for expansive games like Fallout 3 must be a daunting task. However, David Hodgson did a fantastic job of organizing this guide in a smooth and logical order. I ordered this in conjunction with the Fallout 3: GOTY Edition and was very pleased. At over 750 pages, this guide covers every aspect of the game on all platforms (PS3, 360, and PC). As an owner of Hodgson's original Fallout 3 guide released in 2008, I was pleasantly surprised to see a vast number of improvements. First and foremost: pictures! In the 2008 guide, it listed each enemy, weapon, and armor on pages upon pages of tables. It wasn't flashy, and it wasn't very exciting to look at. Now, though, there is a compendium that includes large, colorful photos of each enemy, weapon, and armor (including helmets and eyewear). Also included is an entire census of NPCs that you will find in the wasteland, each accompanied by a portrait, their location, their significance to the game, and

other vitals. This really is a nice touch. As for the guide itself, each quest is mapped out with the precise locations and steps needed to accomplish each task. The guide avoids spoiling future quests as well. In open-ended games, it's easy to get sidetracked or even completely lost when trying to achieve your goals. That won't happen with the help of this guide. Just like the previous guide, there is a large foldout map included. It's about as big as a normal size state road map, which just goes to show how big this virtual world really is. Every location that you can unlock on your Pip-Boy map is shown and easily located with the help of a grid system. Never get lost in the Wasteland again!
